The 88.7 Albums Of Summer 1988 countdown is based on the airplay of all new releases featured on WXDU from the week of May 6 to the week of August 26. Each week, we rank the new releases on our playlist according to amount of airplay they have received during the week and this information is reported to college radio trade journals CMJ New Music Report and Rockpool magazine. As a WXDU listener and new music lover, you are always welcome to participate in the process by calling in requests for the new releases that have caught your ear or have piqued your curiosity. Requests are a very real way to support new bands and their releases, and are an important means for us at WXDU to keep abreast of what the Triangle progressive music community is currently grooving on. So do it!

As always, thanks for your support--keep it tuned to 88.7FM!
